**NEW  
PRODUCT**

An effective trim head screw that adds value and finish to any timber decking project

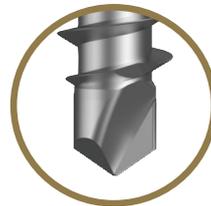

**DRILLX<sup>®</sup>**

» **Application:**

General Construction – Cladding and Decking

The grooved shaft adds strength and the small head diameter and under-head pockets ensure that the head can sink cleanly and easily. This protects the timber from tearing or splitting by the drill tip.

**Self Drilling Tip**  
Makes installation quick and easy
